## INDEX TO VOLUME 62

(January 4 to June 28, 1930)

*To facilitate reference this index to Volume 62 has been divided into three parts: an index to subjects, to companies and to authors, arranged in the order named in the following pages. Thus the three common methods used in seeking any particular article have been segregated to avoid the confusion which their intermingling permits.*

N

# AUTOMOTIVE INDUSTRIES

## Editorial Index to Volume 62

Issues of January 4 to June 28, 1930, Inclusive

Association Index—Page 5    Company Index—Page 6    Authors' Index—Page 8

Date	Pages	Date	Pages	Date	Pages
Jan. 4.....	1- 31	Mar. 8.....	391- 426	May 10.....	715- 743
Jan. 11.....	37- 72	Mar. 15.....	427- 458	May 17.....	751- 778
Jan. 18.....	73- 106	Mar. 22.....	463- 487	May 24.....	787- 820
Jan. 25.....	109- 141	Mar. 29.....	499- 529	May 31.....	823- 855
Feb. 1.....	145- 178	Apr. 5.....	535- 566	June 7.....	860- 889

Mar. 1.....	355- 387	May 3.....	679- 710		

## Index of SUBJECTS Discussed in Automotive Industries

<b>A</b>		Hall; Ronald Press.....	436	<b>Business Conditions</b>	
<b>Accessories—See Parts</b>		The Angular Distortion of Crankshafts; C. A. Norman and K. W. Stinson; Bulletin No. 43 University of Ohio.....	239	Automotive stock distribution.....	469
<b>Advertising</b>		Aviation—Its Commercial and Financial Aspect; Richard Rea Bennett; Ronald Press.....	52	Automotive stock prices drop under 1929 average.....	977
Automobile Advertising increased....	478	Commercial Chromium Plating; Richard Schneidewind, Dept. of Engr., Univ. of Mich.....	732	British industry for 1930.....	195
<b>Aviation</b>		The Five-Day Week in Manufacturing Industries; National Industrial Conference Board, Inc.....	698	Car sales fluctuate seasonally with buying power.....	800
Adjustable pitch propeller.....	241	Marketing Used Cars; Paul G. Hoffman and Dr. James H. Greene; Harper.....	239	Chamber's discussion centers on automobiles.....	715
Aeronautic meeting of S.A.E.....	360	Materials of Engineering Construction; Francis W. Roys; Ronald Press.....	698	Chicago show.....	150
Aircraft instrument board.....	132	Materials Handling Equipment; Edward J. Tournier; McGraw-Hill.....	436	Crude rubber stocks revive control plan	535
Aircraft registrations.....	259	N.A.C.A. Report No. 326; E. P. Lesley and Elliott G. Reid.....	239	Dealers face second half with optimism.....	967
Aircraft show at Detroit.....	574	N.A.C.A. Report No. 330; A. G. Gelalles and A. M. Rothrock.....	733	Equipment wholesalers necessary.....	427
Airplane lightness vs. durability.....	617	National Advisory Committee for Aeronautics' Fifteenth Annual Report (1929).....	698	First quarter's business better.....	499
Aviation engines in metal-clad ships.....	153	The Nature of the Physical World; A. S. Eddington; Macmillan.....	436	Higher prices or lower profits.....	391
Aviation show opens.....	249	Principles of Electroplating and Electroforming (Electrotyping); William Blum and George B. Hogaboom; McGraw-Hill.....	698	How's business?.....	831
Byrd's polar flights are immortalized	933	Smithsonian Institution Annual Report for 1928; Government Printing Office, Washington.....	732	How's business going to be next month?.....	969
Causes of accidents.....	259	Storage Batteries; George Wood Vinal; John Wiley & Sons, Inc.....	698	Instalment sales losses lower than open credit.....	939
Dealers, airports and operating companies.....	259	A Vapor-Pressure Chart for Hydrocarbons; Hal B. Coates and Geo. Granger Brown; Dept. of Eng. Research Univ. of Mich.....	732	1929 building construction.....	254
Economic and technical phases of aeronautics.....	753	Vielschnittbanke, Ihre Konstruktion und Arbeit; Prof. Dr. tech. Max Kurrein; Verlag der Werkzeugmaschinen, Berlin.....	52	Parts suppliers bolster vehicle makers' markets.....	792
Increased facilities in aircraft industry	586	Wage Incentive Methods; Chas. Walter Lytle; Ronald Press.....	52	Railroads aid competitive bus.....	839
International aircraft show.....	358	Yearbook of the German Automobile Manufacturers Assn.; Dr. Ernst Valentini Verlag.....	52	Stabilizing the industry.....	725
Maintenance of engines mastered in Antarctica wastes.....	974			Trend toward exclusive dealerships.....	463
Radio beam for aircraft landings.....	481			Washington expects business growth	619
Supermarine flying yacht.....	987			Weather points to better sales.....	607
Thermal ice indicator.....	594			<b>Buying Practices</b>	
Value of gliders.....	620			Materials in automotive industry.....	256
Wilkinson air muffler for aircraft engines.....	993			N.A.C.C. price averages.....	5
<b>Aircraft Descriptions</b>				<b>C</b>	
Cord low-cost planes.....	502			<b>Car Descriptions</b>	
Curtiss Tanager.....	90			American Austin design.....	43
Focke-Wulf Hawk.....	699			Auburn offers wide range.....	22
Supermarine flying yacht.....	987			Austin offers bantam at \$445.....	970
<b>Aircraft Engines</b>				Buickall front drive car.....	75
Automatic injection valve.....	846			Cadillac V-16.....	2
Brownback tiger aircraft engine.....	728			Chevrolet for 1930.....	16
Economic and technical phases of aeronautics.....	753			Chevrolet improves its 1930 line.....	794
Fairchild aircraft engine.....	183			Chevrolet roadster delivery.....	504
Jaguar major aircraft engine.....	514			Chrysler has more power.....	20
Kinner airplane engine.....	523			Chrysler six announced.....	433
Packard completes Diesel.....	538			De Soto eight for 1930.....	20
Wasp 300-hp. engine.....	97			De Soto reduces prices.....	797
<b>Aircraft Parts &amp; Accessories</b>				Dodge Bros. offers eight for 1930.....	6
Barbour-Stockwell tachometer.....	132			duPont for 1930.....	46
Fog penetrator.....	631			Durant builds two chassis.....	24
Holley aviation carburetor.....	95			Erskine resembles Dictator.....	26
Sikorsky airplane brake.....	99			Fiat announces low-price four.....	429
<b>Axles</b>				Ford de luxe models.....	584
Front-wheel drives (Forum).....	482			Ford Model A for 1930.....	11
High-capacity axle by Timken-Detroit	807			Gardner front-wheel drive.....	14
Timken rear axles for low-pressure tires.....	973			Graham-Paige enters lower price field	516
<b>B</b>				Hudson and Essex for 1930.....	12
<b>Bodies</b>				Hupmobile line increased by eight.....	18
Cleaning metal bodies.....	374			Hupp adds lower-priced century eight	898
Convertible bodies (Forum).....	553			Jordan and Elcar for 1930.....	44
Riding qualities analyzed.....	867			Kissel for 1930.....	47
Similarity in body lines.....	119			Lincoln for 1930.....	47
Structure and material of automobile bodies.....	158			Marmon lengthens eights.....	22
Truck frame construction.....	699			Maybach develops V-12 engine.....	363
<b>Book Reviews</b>				Nash for 1930.....	46
Airplane Mechanics Rigging Handbook; Rutherford S. Hartz and Elzor E.				Oakland announces V-eight series.....	8
				Oldsmobile F-30 design.....	27
				Packard for 1930.....	47
				Paige commercial cars.....	53

Pierce-Arrow price range broadened..	25	Grinding Diesel bearings .....	980	Titan herringbone and helical speed reducers .....	993
Pierce-Arrow straight eight .....	882	Junkers Diesel engine .....	121	<b>Grinders</b>	
Plymouth increased engine stroke .....	721	Lag in oil engine injection .....	555	Advance diamond grinder .....	630
Pontiac lines improved .....	10	Oil fuel equipment for Climax engines .....	771	Advance grinding unit .....	204
Spain to produce an eight .....	537	Packard completes Diesel .....	538	Auto start grinder .....	98
Stutz for 1930 .....	47	<b>Distribution—See Marketing</b>		Bench type cutter grinder .....	487
Willys-Knight has increased power .....	107	<b>Drills—See Machine Tools</b>		Bumper grinding .....	194
Willys-Overland offers Eight .....	609	Cincinnati Bickford 3-ft. radial drill .....	919	Cincinnati face mill grinder .....	558
Willys-Overland six .....	21	Mass production demands maintenance of original drill point .....	902	Cincinnati plunge cut grinder .....	55
Wolseley 12 hp. "Hornet" .....	735	Whitman & Barnes blue diamond drill .....	992	Combination sand grinder .....	486
<b>Carburetors</b>		<b>Drives—See Transmissions</b>		Drill grinder and thinner .....	486
Cold carburetion .....	162	<b>E</b>		Drill grinding machine .....	203
Down-draft carburetor types .....	163	<b>Electrical Equipment—See Parts and Shop Equipment</b>		Ex-Cell-O grinding installation .....	523
Holley aviation carburetor .....	95	<b>Engines—See also Diesel Engines</b>		Grinding cemented tungsten carbide tools .....	370
Lag in oil engine injection .....	555	Autocar six-cylinder engine .....	402	Hammond bench-type grinder .....	811
Marvel downdraft carburetor .....	133	Brownback tiger aircraft engine .....	728	Hammond combination grinder and buffer .....	990
<b>Contests</b>		Building the Franklin engine .....	686	Hammond double disk grinder .....	448
May change 1931 race rules .....	808	Carburetor troubles delay Silver Bullet .....	581	Hercules portable grinder .....	703
Speed at Indianapolis .....	870	Chrysler adds marine line .....	137	Hercules sander and grinder .....	414
Speed kings prepare for 500-mile classic .....	758	Climax engine .....	522	Kipp air grinder .....	736
Speed records for the world .....	288	Continental shows five models .....	22	Radiac cut-off machine .....	700
<b>Conventions</b>		Development of oil powerplants .....	651	Rotary pneumatic grinders .....	57
Aeronautic meeting for S.A.E. ....	360	Engine acceleration research .....	873	Tool room grinder .....	450
Aircraft show at Detroit .....	574	Fairchild aircraft engine .....	183	Universal knuckles grinder .....	630
All-addendum teeth pinions .....	718	Jaguar major aircraft engine .....	514	Wells small tool sharpener .....	702
Anti-knock fuel values .....	832	Kinner airplane engine .....	523		
At the Milan show .....	843	Low-speed engine has economic advantage .....	864	<b>H</b>	
Automotive material discussed by A.S.T.M. ....	505	Lycoming enters marine field with 40 hp. engine .....	950	<b>Heat Treatment—See Metallurgy</b>	
Chamber's discussion centers on automobiles .....	715	Maybach develops V-12 engine .....	363	<b>Highways—See Roads</b>	
Chassis changes in 1930 models .....	39	New-Way industrial engines .....	840	High speeds change road standards .....	653
Chicago Show .....	150	Oil fuel equipment for Climax engines .....	771	Travel abroad linked with better highways .....	768
Decrease in range of ignitable mixtures .....	982	Plymouth gas-electric and oil-electric locomotive .....	918		
Diesel engined automobiles .....	883	Two-cycle radial engine .....	378	<b>I</b>	
Economic problems in distribution .....	439	Unlined aluminum cylinders (Forum) .....	552	<b>Ignition</b>	
Elimination of waste by A.S.M.E. ....	430	Useful points in engines (Forum) .....	482	Spark plug material performance .....	83
Finding foreign outlets for American production .....	823	Vapor lock in aircraft engines .....	881	<b>Imports—See Foreign Trade</b>	
Gas turbo-supercharger as prime mover .....	942	Variation in engine horsepower .....	614	<b>Inspection—See also Instruments; Machine Tools and Production Methods</b>	
Gears designed for quietness .....	813	Wasp 300-hp. engine .....	51	Application of tolerance system .....	646
Junking plans as safety factors .....	878	Waukesha adds two engines .....	685	Drill testing machine .....	202
New York show reaches high point .....	37	Why the V-style 16 cylinder engine? .....	685	Electro magnetic method of inspecting steel and iron .....	628
Nose formed by tool in cutting metal .....	981	<b>Exports—See Foreign Trade</b>		Endurance testing machines .....	193
Proposed code to govern truck width .....	915	Travel abroad linked with better highways .....	768	Steel testing apparatus .....	550
S.A.E. adopts recommended standards .....	829			<b>Installation Selling—See Financing</b>	
S.A.E. annual meeting .....	145	<b>F</b>		<b>Instruments</b>	
S.A.E. at twenty-five .....	787	<b>Financial</b>		Aircraft instrument board .....	132
S.A.E. urged to aid legislation .....	861	Automotive stock distribution .....	469	Barbour-Stockwell tachometer .....	132
Vapor lock in aircraft engines .....	881	Automotive stock prices drop under 1929 average .....	977	Cutler-Hammer pressure regulator .....	664
Washington expects business growth .....	619	Finance companies as buffer .....	621	Cutting tool pressure recorder .....	134
<b>Corporate Changes</b>		Instalment sales losses lower than open credit .....	939	Dial micrometer .....	132
Aluminum Colors, Inc. buys Metals Protection patents .....	999	Stabilizing the industry .....	725	Dorner Flowmeter .....	762
American Viscosimeter company is organized .....	175	<b>Finishes</b>		Electrical pressure indicator .....	230
Associated alloy steel formed by three mills .....	244	Alumilite coating .....	485	Electro magnetic method of inspecting steel and iron .....	628
Automotive executive changes .....	255	Cleaning metal bodies .....	374	Fog penetrator .....	631
Bendix buys Bragg .....	251	duPont cable lacquer .....	990	Maco laminated template .....	774
Eaton Axle is merged with Wilcox-Rich Corp. ....	387	Paasche universal stripper .....	449	Merriam inverted U-tube manometer .....	631
Fokker-Dornier linked .....	855	Speedier output at Pierce-Arrow paint shop .....	934	Performance of valve mechanisms recorded .....	654
General Motors sells Jaxon Steel Products .....	1001	<b>Foreign Trade</b>		P. & W. super micrometer .....	486
Karl-Keen buys Irving .....	813	Automotive exports 1929 .....	340	Valve spring scale .....	594
Lamson-Sessions buys Foster Nut & Bolt Co. ....	215	British industry for 1930 .....	195	Weidenhoff speedometer calibrating fixture .....	991
Long leaves N. A. C. C. Joins Bethlehem Steel .....	820	European tariff and Cartel plans .....	355	Zenith fuel mileage tester .....	847
Mergers for 1929 .....	260	Export demand for automobiles .....	217		
Merger of six companies rumored .....	529	Finding foreign outlets for American production .....	823	<b>Insurance—See Financing</b>	
Miller to merge with Goodrich .....	139	Foreign consumption of U. S. motor vehicles .....	257	Financial responsibility laws enhance safety .....	691
Moon and Gardner consolidate sales .....	561	German automotive industry .....	544		
Moon and Kissel merge .....	739	Motorization of the world .....	795	<b>L</b>	
Motor Wheel buys E. K. Baker holdings .....	813	Repercussion—an export factor .....	643	<b>Lacquers—See Finishes</b>	
New interests take possession of Moon Stearns Co., F. B., dissolves .....	72	Spain to produce an eight .....	537	<b>Legislation</b>	
Stock exchange basis of Eaton-Axle-Wilcox-Rich merger .....	565	<b>Fuels</b>		Aggressive export program follow tariff passage .....	931
Stutz merger predicted as creditors file suit .....	29	Anti-knock fuel values .....	832	Buses in grip of tax tangle .....	571
Vogt buys Waterloo mill .....	178	Average annual car mileage increased .....	442	Chamber's discussion centers on automobiles .....	715
		Average gasoline consumption .....	257	Financial responsibility laws enhance safety .....	691
		Cold carburetion .....	162	Peugeot and Citroen favor French tariff (Forum) .....	665
		Compression aids vaporization .....	435	Stem tide of truck legislation .....	611
		Decrease in range of ignitable mixtures .....	982		
		Definition of natural gasoline .....	407	<b>Lubrication</b>	
		Fuel and fuel systems .....	157	Farfall centralized lubricating system .....	734
		Gasoline more volatile .....	556		
		Hasler acceleration recorder .....	168	<b>M</b>	
		Knock test apparatus and methods .....	112	<b>Machine Tools—See also Grinders; Tools, Small; Tools, Portable; Inspection; Welding; Shop Equipment; Mechanical Handling.</b>	
		Little Giant pneumatic grinder .....	169	Acme Hot-Spot welders .....	484
		Mixture distribution .....	160	Adams hobber and miller .....	700
		Packard speedster series .....	111	Advance diamond grinder .....	630
		Retort induction manifold .....	191	Advance grinding unit .....	204
		Vapor lock in aircraft engines .....	881	Automatic crankshaft lathe .....	484
		Wide range of fuels for high-speed Diesels .....	957	Ball bearing live center .....	134
				Barnes automatic lathe .....	701
				Barnes axle drill .....	845
				Barnes heavy-duty honing machine .....	168
				Barnes vertical honing machine .....	487
				Bench type cutter grinder .....	487
				Bliss double crank press .....	844
				Bliss double-eccentric press .....	594
				Bliss shear type scrap cutter .....	810
				Bradford unit-built special tools .....	819
				Bridgeport motor-driven buffing lathe .....	919
				Brown & Sharpe plain miller .....	168
				B. & S. automatic rod magazine .....	992
				Cincinnati Bickford drive adaptations .....	845
				Cincinnati Bickford 3-ft. radial drill .....	919

- Cincinnati face mill grinder ..... 558  
 Cincinnati hydromatic ..... 56  
 Cincinnati hydromatic millers ..... 703  
 Cincinnati plain and universal millers ..... 736  
 Crown motor-driven burnishing machine ..... 992  
 Crown overhang lathe ..... 485  
 Davis & Thompson Rotomatic ..... 412  
 DeVlieg supermill 31B ..... 952  
 Economy semi-automatic pointing machine ..... 954  
 Economy turning machine ..... 953  
 Electric combination machine ..... 241  
 Enterprise multiple indexing machine ..... 378  
 Gardner swinging work table ..... 412  
 Garvin automatic tapping machine ..... 170  
 Globe automatic tapping machine ..... 558  
 Gridley heavy-duty 4-spindle automatic ..... 918  
 Hannifin four-jaw duplex air chuck ..... 953  
 Hydraulic power press ..... 415  
 Ideal speed lathe ..... 665  
 Kelsey-Hayes automatic arc welder ..... 415  
 Kent-Owens variable millers ..... 955  
 Langeller duplex miller ..... 844  
 Langeller upright drilling machine ..... 630  
 Lipe flywheel chamfering machine ..... 811  
 Marquette press equipment ..... 838  
 Master radial drill ..... 701  
 Millholland automatic drill ..... 203  
 Niagara beading machine ..... 522  
 Niagara small punch press ..... 991  
 Pettingell 2M motorized hammer ..... 918  
 Production multimetric machines ..... 846  
 "Quickwork" power hammer ..... 847  
 Radiac cut-off machine ..... 700  
 Reed-Prentice gear head lathe ..... 702  
 Reinecker gear generator ..... 702  
 Rite-speed polishing and buffing lathe ..... 203  
 South Bend lathe ..... 665  
 South Bend nine-inch lathe ..... 169  
 Sundstrand Rigidmill ..... 202  
 Taylor-Winfield welder ..... 449  
 Toledo builds largest crank press ..... 809  
 Universal four-corner welder ..... 379  
 Universal knuckles grinder ..... 630  
 Upsetting forging machine ..... 809  
 Western heavy duty radial drill ..... 170  
 Whitman & Barnes blue diamond drill ..... 992
- Maintenance**  
 Junking plans as safety factors ..... 878  
 Mass production demands maintenance of original drill point ..... 902
- Management**  
 Analysis of competency ..... 650  
 Automobile methods used in building Dodge speed boats ..... 978  
 Consolidation necessary to balance industry ..... 757  
 Handling inventions ..... 147  
 Maintenance of engines mastered in Antarctica wastes ..... 974  
 Man-hour productivity increased ..... 557  
 Oakland wage incentive system ..... 576  
 Painting plant interiors ..... 124  
 Parts suppliers bolster vehicle makers' markets ..... 792  
 Replacement business is to the swift ..... 826  
 Service value of old and new tools ..... 116  
 Speedier output at Pierce-Arrow paint shop ..... 934  
 Threats are poor weapons in merchandising parts ..... 895  
 Who takes the trick? ..... 751
- Marketing**  
 Automobile advertising increased ..... 478  
 Car sales fluctuate seasonally with buying power ..... 800  
 Changes in sales policy ..... 189

				Proposed code to govern truck width .....	915
				Praise Coker Clarkson's leadership .....	922
				Decrease in range of ignitable mixtures .....	982

A

AC Spark Plug Co.—Electric tank gage	47
Speedometer	55
Spark plug material performance	83
New laboratories	660
Flame arrester	992
Aome Electric Welding Co.—Hot-Spot welders	484
Adams Company—Hobber and Miller	700
Ajax Manufacturing Co.—Upsetting forging machine	809
Advance Diamond Tool Co.—Grinding unit	204
Diamond grinder	630
Aeronautical Engineering Co.—Two-cycle radial engine	378
Allen-Bradley Co.—Resistors	449
Aluminum Colors, Inc.—Buys Metals Protection patents	999
American Austin Co.—Design differs from British	43
Small car problems revised by Austin	109
Offers bantam at \$445	970
American Cable Co.—Tru-stop control	99
American Electric Fusion Corp.—Electric spot welder	57
DC welding unit	664
American Maco Template Co.—Laminated template	774
American Viscosimeter Co.—Organized	174
Ames Co., B. C.—Dial micrometer	132
Apex Machine Co.—Friction chucks	991
Armstrong Bros. Tool Co.—Tool holders for cemented-tungsten-carbide	991
Armstrong-Siddeley—Jaguar major aircraft engine	514
A/S Strommens Verksted, Norway	907
Duralumin shapes in Norwegian bus	907
Auburn Automobile Co.—Offers wide range	22
Appoints nine	66
Austin—See American Austin Co.	
Autocar Co.—Plant facilities	394
Six-cylinder engine	402
Autocar six-wheel chassis	794

B

Baker, Earl K.—Bought by Motor Wheel	813
Bantam Ball Bearing Co.—Pinion mounting	133
Barbour-Stockwell Co.—Tachometer	132
Barnes Drill Co.—Heavy-duty honing machine	168
Vertical honing machine	487
Axle drill	845
Barnes Co., W. F. and John—Automatic lathe	701
Barrett-Cravens Co.—Lift truck	449
Barrett-Blessing Co.—Rego two-stage regulator	991
Bendix Aviation Corp.—Buys Bragg-Kleisrath Corp.	251
Vincent Bendix nominated S.A.E. president	851
Bethlehem Steel Co.—Long leaves N.A.C.C. Joins Bethlehem Steel	820
Biles Co., E. W.—Shear type scrap cutter	415
Double-eccentric press	594
Bliss double crank press	844
Borg-Warner Corp.—Marvel downdraft carburetor	133
Long heavy-duty clutch	810
Botfield Refractories Co.—Chromite cement	97
Bower Roller Bearing Co.—Washing small parts	188
Bradford Machine Tool Co.—Unit-built special tools	810
"Kant-Slip" apron-feed mechanism	955
Bragg-Kleisrath Corp.—Bendix buys	251
Vacuum brakes	703
Bridgeport Safety Emery Wheel Co., Inc.—Motor driven buffing lathe	919
British Institution of Production Engineers—Rolls-Royce develops Hydraminium	697
British Royal Automobile Club—Ignition defect most prevalent	796
Brockway-Indiana Motor Truck Co.—Lannon is advanced	102
Adds four models	733
Brown & Sharpe Mfg. Co.—Telescoping gages No. 590	99
Plain miller	168
Automatic rod magazine	992
Bucicali Bros.—Front drive car	75
Buckeye Portable Tool Co.—Hercules sander and grinder	414
Portable pneumatic drill	415
Hercules portable grinder	703
Buda Company—Wide range of fuels for high-speed Diesels	957
Budd Mfg. Co., Edward G.—Deep drawing strip and sheet steel	220
Buffard-Dunn Co.—Cleaning unit	631
Bureau of Standards—Definition of natural gasoline	407

C

Cadillac Motor Car Co.—V-16	2
V-16 brake assister	49
Appoints Porter	66
V-16 priced	69
Why the v-type sixteen cylinder engine	685
Carroll Company—Retort induction manifold	191
Engineer Cauzan—Non-weaving chassis	472
Central Chemical Co.—Developments in design (Forum)	483
Chamber of Commerce, U. S.—Repercussion—an export factor	643
Financial responsibility laws enhance safety	691
Discussion centers on automobiles	715
Chevrolet Aircraft Corp.—Joins Martin Chevrolet Motor Car Co.—1930 models	16
Lowest prices on improved 1930 models	68
Announces new service plan	458
Roadster delivery	504
Improves its 1930 line	794
Chicago Pneumatic Tool Co.—Grinding and buffing machine	169
Chilton Aero Catalog & Directory—Increased facilities in aircraft industry	586
Chrysler Motor Corp.—Has more power	20
Production problems	88
Adds marine line	137
Rubber used in automobiles	224
Chrysler six announced	433
Plymouth distribution extended	444
Rockelmann joins	669
Model "77" reduced; new model expected	778
Cincinnati Bickford Tool Co.—Master radial drill	701
Drive adaptations	845
3-ft. radial drill	919
Cincinnati Grinders, Inc.—Plunge cut grinder	55
Cincinnati Machine Tool Co.—Grinding Diesel Bearings	980
Cincinnati Milling Machine Co.—Hydro-matic	56
Face mill grinder	558
Universal knuckles grinder	630
Hydro-matic millers	703
Plain and universal millers	736
Clark, James, Jr., Electric Co.—Portable drill	595
Cleveland Pneumatic Tool Co.—Cleco brake booster	953
Climax Engineering Co.—Eight-cylinder engine	522
Oil fuel equipment for Climax engines	771
Columbia Electric Mfg. Co.—Changing generator voltage	990
Connecticut Telephone and Electric Corp.—Spark plug cable terminal	414
Consolidated Machine Tool Corp.—Modern self-opening die head	703
Continental Motors Corp.—Shows five models	22
Elect W. R. Angell	385
L. J. Kanitz appointed general sales manager	526
Cord—See Auburn Automobile Co.	
Cord Corp.—Low-cost planes	502
Cramer & Co., R. W.—Hasler acceleration recorder	168
Crawford Mfg. Co.—Steel-Stay seat cover attachment	448
Crown Rheostat & Supply Co.—Overhang lathe	485
Motor-driven burnishing machine	992
Curtiss Airplane and Motor Co.—Tanager	90
Curtiss-Hammer, Inc.—Pressure regulator	664
Automatic lifting magnet controller	952
Single pole limit switch	954
A.C. motor starter with fusible switch	992

D

Daimler Co.—British fluid transmission devices	908
Davis & Thompson Co.—Rotomatic	412
Delco Products Corp.—Cold carburetion	162
De Sanno & Son, A. P.—Radial cut-off machine	700
De Soto Motor Corp.—Eight for 1930	20
Reduces prices	797
DeVlieg Machine Tool Co.—Supermill 31B	952
Dietrich, Inc.—Similarity in body lines	119
Dodge Brothers, Inc.—Offers eight for 1930	6
Vibrational damper	434
Dodge Boat & Plane Corp., Horace E.—Automobile methods used in building speed boats	978
Drying Systems, Inc.—Speedier output at Pierce-Arrow paint shop	934
Duesseldorf Machine Works Co.—Endurance testing machines	193
duPont Motors, Inc.—New York show display	46
Durant Motors, Inc.—Builds two chassis	24

Prices announced	100
New Rugby truck line	174
Rugby truck chassis	474

E

Eaton Axle & Spring Co.—Merged with Wilcox-Rich Corp.	387
Stock exchange basis of merger	565
Eaton Bumper & Spring Service Co.—Perfection hot water heaters added	993
Economy Engineering Co.—Turning machine	953
Elcar Motor Co.—Jordan and Elcar for 1930	44
Increased prices on two series of cars	68
Electric Controller & Mfg. Co.—Dynamic braking controller	240
N T master switch	594
Enterprise Mfg. Co.—Multiple indexing machine	378
Erskine—See Studebaker Corp. of America	
Essex—See Hudson Motor Car Co.	
Exact Weight Scale Co.—Connecting rod scale	559
Valve spring scale	594
Ex-Cell-O Aircraft and Tool Corp.—Grinding installation	523

F

Fairchild Engine Corp.—Aircraft engine	183
Farfall Company—Centralized lubricating system	734
Fate-Root-Heath Co.—Plymouth gas-electric and oil-electric automotive	918
Federal Motor Truck Co.—Adds six model	123
Federal Products Corp.—Small hole gage	486
Ferner Co., R. Y.—Micro-Indicator tube	202
Fiat Co.—Announces low-price four	429
Diesel railcar engine	446
Focke-Wulf Aircraft Co.—Hawk	699
Fokker Aircraft Corp.—Fokker-Dornier linked	855
Foot Bros. Gear & Machine Co.—Titan herringbone and helical speed reducers	993
Ford Motor Co.—Model A for 1930	11
Truck improved	131
De luxe models	584
Rockelmann joins Chrysler	669
Finishing pistons at the Ford plant	940
Trucks and delivery models redesigned	973
Reverses production line for junking	988
Forest Products Laboratory—Torsional strength measurement	828
Foster Nut & Bolt Co.—Lamson-Sessions Co. buys	215
Four Wheel Drive Auto Co.—New FWD truck	798
Develops railcar	885
Franklin, H. H., Mfg. Co.—Prices raised on new lines offered	68
Building the Franklin engine	646
Fuller & Sons Mfg. Co.—Five-speed transmission	240
Fusion Welding Corp.—Weldite fluxed rod	485

G

Gabriel Co.—Spring covers	133
Gardner Machine Co.—Swinging work table	412
Gardner Motor Car Co.—Front-wheel drive	14
Moon and Gardner consolidate sales	561
General Electric Co.—Electrode feeding device	57
Hydrogen substitute	522
Automatic time switch	737
General Motors Corp.—Handling inventions	147
Electrical pressure indicator	230
Plans new securities group	249
Announces radio receiving set for automobiles	453
Sales quota principle misunderstood	521
Sells Jaxon Steel Products	1001
General Motors Export Corp.—Consolidation necessary to balance industry	757
General Motors Truck Co.—Light duty truck	122
Line for 1930	366
Globe Tapping Machine Co.—Automatic tapping machine	558
Goodrich Co., B. F.—To purchase Miller Rubber Co.	139
Graham-Paige Motors Corp.—Paige commercial cars	53
Graham prices announced on two series of cars	68
Enters lower price field	516
G. Hamilton-Grapes—Retort induction manifold	191
Griffith & Sons, W.—Articulated spring leaf	379

H

Hammond Machinery Builders, Inc.—Rite-speed polishing and buffing lathe	203
Double disk grinder	448
Bench-type grinder	811
Combination grinder and buffer	991

Denham, Athel F. .....	
Aeronautic meeting for S.A.E. ....	360
Aircraft show at Detroit .....	574
Cadillac V-16 .....	2
Chrysler six announced .....	433
Cord low-cost planes .....	502
Hupp adds lower-priced century eight .....	898
International aircraft show .....	358
Jordan and Elcar for 1930 .....	44
Packard completes Diesel .....	538
Packard speedster series .....	111
Riding qualities analyzed .....	867
Rubber used in automobiles .....	224
Structure and material of automobile bodies .....	158
Why the V-type 16 cylinder engine .....	685
J. E. Diamond—Unlined aluminum cylinders (Forum) .....	552
Downes, T. W.—Aluminum alloys for castings .....	944
Dumas, Paul—Speed at Indianapolis .....	870
<b>E</b>	
B. B. Ellerbeck—Convertible bodies (Forum) .....	553
Ewan, Earl O.—New York show opens .....	1
New York show reaches high point .....	37
<b>G</b>	
Gaillard, John—Application of tolerance system .....	646
Gescheln, Joseph .....	
Automobile methods used in building Dodge speed boats .....	978
Building the Franklin engine .....	686

Cemented tungsten carbide use .....	227
Hupmobile plant realigned .....	76
Mass production demands maintenance of original drill point .....	902
Mass production of Oakland V-8 engine .....	764
Oakland wage incentive system .....	576
Peerless centralizes its plant facilities .....	512
Plant facilities at autocar .....	394
Service value of old and new tools .....	116
Speedier output at Pierce-Arrow paint shop .....	934
Timken-Detroit axle metallurgical laboratory .....	546
R. H. Grant—Sales quota principle misunderstood .....	521
<b>H</b>	
Heinze, Edwin P. A. .....	
Junkers Diesel engine .....	121
Maybach develops V-12 engine .....	363
Fuel injection in Linke-Hofmann Diesel engines .....	398
German automotive trade .....	544
Focke-Wulf Hawk .....	699
Heldt, P. M. .....	
All-addendum teeth pinions .....	718
Anti-knock fuel values .....	832
Average annual car mileage increased .....	442
Bucciali front drive car .....	75
Chassis changes in 1930 models .....	39
Compression aids vaporization .....	435
Economic and technical phases of aeronautics .....	753
Fairchild aircraft engine .....	183
Low-speed engine has economic advantage .....	864
Rolled shapes of aluminum alloys .....	409
The S.A.E. at twenty-five .....	787
Variation in engine horsepower .....	614
Hersham, Conrad O.—Three master gears for burnishing pinions .....	722
Hill, L. Clayton—Similarity in body lines .....	119
Hofman, Max—Diesel engine's future market .....	510
Hosking, Herbert .....	
Automobile advertising increased .....	478
Analysis of competency .....	650
Car sales fluctuate seasonally with buying power .....	800
Junking plans as safety factors .....	878
<b>J</b>	
Jehle, Ferdinand—Performance of valve mechanisms recorded .....	654
<b>K</b>	
Dr. Julius Klein—Travel abroad linked with better highways .....	768
<b>L</b>	
Lee, R. K.—Rubber used in automobiles .....	224
Logue, Charles H.—Three master gears for burnishing pinions .....	722
<b>Mc</b>	
McBride, E. A.—Wrist pin manufacture .....	404
<b>M</b>	
Maloney, T. J.—Painting plant interiors .....	124
Martin, E. J.—Electrical pressure indicator .....	230
Matthews, Robertson—Development of oil powerplants .....	651
Maurer, Leroy F.—Speedier output at Pierce-Arrow paint shop .....	934

Moffett, L. W.—Man-hour productivity increased .....	557
Instalment sales losses lower than open credit .....	939
<b>N</b>	
Nell, Edmund B.—Elimination of waste by A.S.M.E. ....	430
Gas turbo-supercharger as prime mover .....	942
<b>O</b>	
Osborn, A. E.—Unlined aluminum cylinders (Forum) .....	552
<b>P</b>	
Peat, Leslie .....	
Aggressive export program follows tariff passage .....	931
Chamber's discussion centers on automobiles .....	715
Dealers face second half with optimism .....	967
Financial responsibility laws enhance safety .....	691
First quarter's business better .....	499
Production control .....	73
Repercussion—an export factor .....	643
S.A.E. annual meeting .....	145
S.A.E. urged to aid legislation .....	861
Small car problems revised by Austin .....	109
Trend toward exclusive dealerships .....	463
Weather points to better sales .....	607
Purvis, J. A.—Maintenance of engines mastered in Antarctica wastes .....	974
<b>Q</b>	
Quisenberry, Geo. E.—Export demand for automobiles .....	217
Automotive exports 1929 .....	340
<b>R</b>	
Rabazzana, Hector—Spark plug material performance .....	83
Randolph, Donald W.—Spark plug material performance .....	83
<b>S</b>	
Shidle, Norman G. .....	
Automotive stock prices drop under 1929 average .....	977
Chicago show .....	150
Dealer factory relations .....	181
Higher prices or lower profits .....	391
Parts suppliers bolster vehicle makers' markets .....	792
Replacement business is to the swift .....	826
Stabilizing the industry .....	725
Threats are poor weapons in merchandising parts .....	895
